

MONEYMOSAIC

THE PERSONAL FINANCE MANAGER

Why We Built Money Mosaic?

Managing money shouldn't feel like solving a puzzle.

But for students and young adults, it often does. Between textbooks, takeouts, and travel, we lose track of where our money goes.

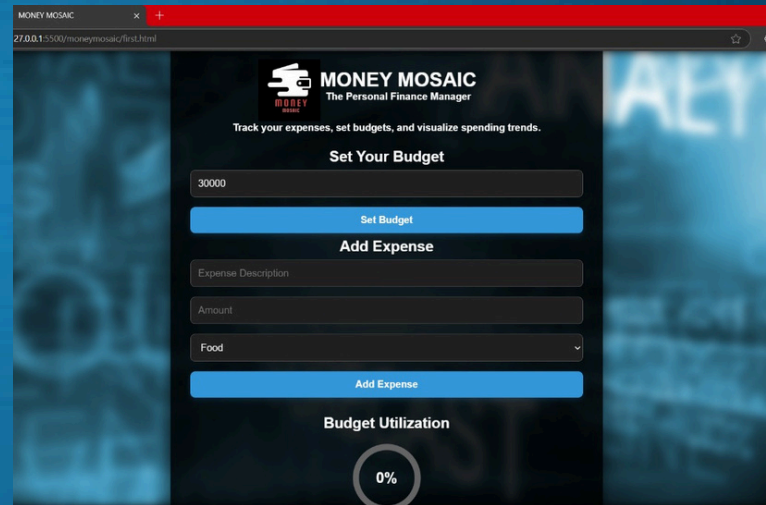

We wanted a simple, visual way to understand our spending — without the confusing charts and finance jargon.

IDEA AND TECH STACK

What It Actually Does?

- Meet Money Mosaic. Your budget, visualized.
- Set a budget for the month or year
- Add your expenses by category
- Get a clean, visual view of your spending
- Designed to feel intuitive, not intimidating
- Because money management should make sense, not make you anxious.
